

ARCHITALX

Progressive Design. Provocative Dialogue. 2010

The 2010 Architalx Lecture Series is proud to present an outstanding and diverse group of speakers. Please join us for five evenings of architecture and design. This year, as the design process for the Veterans Memorial Bridge replacement enters the final phases, Architalx begins with an especially relevant evening: a discussion of bridges and urban conditions with two leading bridge designers. The series continues with four exceptional contemporary design practitioners who promise to excite us with their remarkable work and ideas.
